Hi John,

Were it not for the row of residential lots there we would have. I have heard from a couple of the neighbors in the past and they were not supportive of generally limiting parking overnight (although they were in favor of permit parking, which we don't really have an avenue for on one block like this right now).

Let me know if that helps.

I'll see what I can do John. I've copied Anna to request her input. What do you think Anna? This is the "No Overnight Parking" restriction.

Don,

On item C I would like that to extend north of Manchester to 84th Street on the east side. Any chance to add that even though it is not in the BID area?

John
